

# Designers' Choice AWARDS

Our annual survey of area designers and architects

**T**each year, *Home & Design* polls hundreds of industry professionals to discover their picks for the leaders in this innovative, ever-evolving community—as well as their votes of confidence in those just making their mark. We also ask area architects and designers to vote on their favorite industry resources, in categories ranging from audio/video and appliance showrooms to antiques dealers and art galleries. Following is a list of the complete survey results for 2014.
