

ROLE RESPONSIBILITIES

CARPENTER:

Introduction:

Pyramid is an award-winning custom builder, specializing in high-end architecturally designed single-family residential construction. We have been in business for thirty-one years, and in that time have established a reputation as a premier builder in this segment.

We have an opening in the MD / VA / DC region for a CARPENTER with experience in custom residential construction at the top end of the quality scale. We are seeking a knowledgeable team player who puts customer service first, works well with others, and respects our process to get the job done. This full-time position reports directly to the Site Supervisor.

Overview:

The CARPENTER is responsible for all aspects of custom carpentry, including rough framing, setting windows, doors, & hardware, exterior trim & soffit work, interior running trim, and site-manufactured casework. This role requires having the confidence and ability to work under the direction of the Site Supervisor and with multiple Pyramid & Subcontractor teams on a daily basis in order to follow through on the expectations set. Meeting and exceeding company goals for quality execution, efficiency & productivity, as well as customer service, is something you strive for every day. Schedule flexibility, including some evenings and weekends, may be required to accommodate schedules and meeting deadlines.

Responsibilities:

- Complete all work, carpentry and otherwise, as directed by the Site Supervisor.
- Complete work with the highest quality craftsmanship.
- Furnish all hand tools and small power tools as necessary to complete job.
- Follow jobsite safety procedures and point out unsafe conditions.
- Must have reliable transportation.
- Ensure jobsite procedures for cleanliness, security & protection from damage.
- Communicate clearly & effectively with Site Supervisor
- Have experience and expertise in varied high-end residential construction work.

Requirements:

- Have a minimum of three years experience & expertise working on high-end residential construction.
- Successful candidate will have a focus on attention to detail
- Vast knowledge of residential construction including knowledge of local building codes
- Efficiently and effectively resolve project construction issues.
- Previous supervisory experience and dispute resolution skills is a plus

Pyramid Values:

- Build strong relationships with other Pyramid office and field personnel.
- Build win-win subcontractor relationships for the long term.
- Develop creative solutions to problems.
- Maintain personal development plan to continually build professional skills.
- Keep up to date with relevant construction trade publications.
- Initiate suggestions for company-wide process & profitability improvements.

Compensation:

- Commensurate with experience
