

PYRAMID BUILDERS CELEBRATES 30 YEARS

PHOTOGRAPHY BY GLENN MILLER

From a small seed, a great oak grows. It is much the same with Pyramid Builders, a custom building company in Annapolis that began with one employee and a couple of jobs in 1985 and in 2017 celebrates 32 years of business employing 70 highly trained craftsmen and professionals.

What were the early days like? "I founded Pyramid with less than a thousand dollars and a relentless work ethic. The first 15 years I really don't remember. It was a blur of working every waking moment," recalls Bret Anderson. His days are still a blur for he continues to build some of the most distinguished homes in the region. *Annapolis Home Magazine* is proud to share some moments from Pyramid's anniversary celebration at Yellowfin Steak & Fish House
